

CRITICAL CARE UNIT VIDEOS
Primary Palliative Care Educational Videos

Courtesy of Providence Health System

Five videos were created to meet a need for education to critical care unit team members about palliative care and related topics. The Critical Care Unit/ Palliative Care Initiative at Providence St. Peter Hospital in Olympia, WA (an interdisciplinary collaboration between the critical care and palliative care consult teams) identified this need as part of an initial needs assessment in Fall, 2013. The videos, created by Dr. Sarah Merrifield, were funded by a grant from the Providence Foundation and feature palliative care physicians, Dr. Ira Byock, Dr. Gregg VandeKieft, and Dr. Sarah Merrifield, as well as others from the critical care unit and palliative care teams at Providence St. Peter Hospital.”
